## Is This Trip for You?

### Cycling Conditions

**Classification:** Self-Guided

**Activity Level:** 2 (Leisurely/Moderate)

**Average daily distance:** 47km (29 miles).

**No. of days cycling:** 6

**Terrain and route:** A great introduction to self-guided cycling abroad using mostly cycle paths and quiet roads. The valley is particularly steep on either side of the river but hills are only encountered if you choose some of the optional visits available. Occasionally the hotels you stay in are located further up a hill but these hotels offer a pick up for those who wish to arrange it.

**Vehicle Support:** This is a self-guided trip for those who prefer to cycle independently, but with our assistance to take out the stress of the logistics and planning. We arrange your accommodation, provide you with a map and route notes so that you can cycle at your own pace, while your bags are transported from one hotel to the next.

It is important that you are happy reading maps and following route notes, we make these as accurate as possible and they are regularly checked. Where possible we stick to cycle tracks and quiet roads to make the journeys as pleasant as possible, however, on occasion we have to use busier routes.

As this is a self-guided holiday there is no group and no leader. There maybe others on the same departure date as you, but you will not be organised together. The routes notes contain an emergency assistance telephone number should you need it and in emergencies, the hotels are normally able to dispatch a taxi or pick you up themselves. They may wish to charge for this service.

### Families

Self-guided cycling holidays are also a great option for families as they offer the freedom for you to take your holiday at your own pace. You can stop as and when you want and need, at the cafes and restaurants that suit your family and the sites that interest you. Our local partner is able to offer a range of bikes that suit children and carrying options for parents, these are all subject to availability, therefore we ask that you enquire about these on booking. As a guide we have suggested that 5 years is the minimum age for this departure, but as it is self-guided and you will be leading your own family we will leave this decision up to you. The daily distances are all published in the trip notes with a description of each days cycling so you have a good idea of what to expect. On many of the days on this trip it is possible to substitute cycling with taking the boat down the river. If you have any questions please do not hesitate to contact one of our experts. The principle idea is that these holidays can be as flexible as you like, with logistical support but no group or leader to dictate the daily activities.

## Group

As this is a self-guided holiday there is no group and no leader. Your luggage is transferred and route notes and maps are provided. The routes notes contain an emergency assistance telephone number, available daily from 08.00-20.00. In case of emergency, the hotels are normally able to dispatch a taxi or pick you up themselves. They may wish to charge for this service.

**Adult min age:** 5

## Itinerary

## **Land Only Itinerary**

### **Day 1**

#### **Start Passau**

Start at your hotel in Passau, the city of three rivers. If you arrive with time to explore be sure to visit the well-known cathedral; housing the world's biggest church organ. In the evening receive your bikes and a personal welcome briefing.

---

### **Day 2**

#### **Free time to explore Passau; ride to the Schlogener Loop in Austria via the only Trappist monastery in Austria**

Leave Passau, and cycle from Germany into Austria amidst one of the most significant river landscapes of Central Europe. The trail runs beside densely wooded slopes and ravine forest passing the only Trappist monastery in Austria at Engelhartzell before continuing to the famous Schlögener Loop. Here the Danube does a U-turn around a granite mountain before changing the direction of its flow twice, providing spectacular views from the surrounding hills.

**Meals included:** Breakfast

**Distance covered:** 40 km / 25 miles

---

## Day 3

### **Cycle along country lanes passing the castle at Ottensheim and Cistercian abbey in Wilhering en route to Linz**

The valley narrows as it continues downstream and has a wilder appearance passing the beautiful castle of Ottensheim, also one of the oldest places in Austria. A day of river crossing and cycling along country lanes, entering the fertile plains of the grand Eferdinger basin before reaching the historic Cistercian Abbey at Wilhering. The trail continues to Linz, where the central Hauptplatz is a good place to start exploring the old town.

**Meals included:** Breakfast

**Distance covered:** 50 km / 31 miles

---

## Day 4

### **Today's ride enters the province of Lower Austria; follow the river to Grein**

A change of scenery today as the route guides you away from the Danube, via St Florian (an Augustinian abbey) to Enns. See the town square with its 60 metre high tower, the landmark of the oldest town in Austria. Back along the Danube you reach the beautiful baroque town of Grein; with a chance to visit the oldest municipal theatre in Austria, the maritime museum or Greinburg Castle.

**Meals included:** Breakfast

**Distance covered:** 60 km / 37 miles

---

## Day 5

### **Ride between wooded mountains, through quiet riverside towns and past the Benedictine abbey at Melk - stunning both inside and out**

Historically Grein marked the beginning of the river's most treacherous stretch, often feared by sailors. The cycling is through the fascinating landscape of tall and densely wooded rock formations on both sides of the Danube. The journey takes you through quiet riverside towns, with numerous examples of castles that were positioned to exert power over the area, collecting tolls from those following its path. Your journey will end as one of the most striking edifices on this whole route comes into sight, the Benedictine abbey at Melk - stunning both inside and out, you can't miss it!

**Meals included:** Breakfast

**Distance covered:** 50 km / 31 miles

---

## Day 6

### **Pedal through the vineyards of the Wachau, past pretty villages including Weisenkirchen and Durnstein, to Krems**

This morning you ride through the magnificent Wachau terraced vineyards, which give this area its distinct and beautiful appearance. It is one of Austria's best known wine growing regions, with centuries old tradition of wine production. The route winds between the pretty villages of Spitz, Weisenkirchen and Durnstein; castles continue to dot the landscape. In Durnstein you will find another spectacular monastery and also the ruins of a castle where King Richard the Lionheart was held for ransom. All along the route there are opportunities to experience Austian hospitality in small taverns offering local food and drink. Finish your journey in the 1000 year old town of Krems and enjoy a wine tasting to showcase some of the delightful local produce!

**Meals included:** Breakfast

**Distance covered:** 40 km / 25 miles

---

## Day 7

### **Train to Tulln; ride into Vienna past Greifenstein castle; evening to explore.**

Today starts with a train ride from Krems to Tulln, then ride past Greifenstein and Klosterneuburg. This area has always been important culturally, politically and economically with settlements in existence before the Romans moved to the area. Again you will pass many castles, including the Kreuzenstein Castle in Korneuburg. There is also the famous story of the Korneuburg Rat Catcher, a similar story to the Pied Piper. Arriving into Vienna, enjoy a cup of coffee and a piece of typical Viennese cake, 'Sachertorte', in one of the numerous coffee houses. Enjoy an evening stroll around Stephansplatz or walk along the famous shopping street Mariahilfer Strausse.

**Meals included:** Breakfast

**Distance covered:** 40 km / 25 miles

## Day 8

### **End Vienna**

End Vienna. The city is a metropolis with unique charm, vibrancy and flair. It boasts outstanding infrastructure, is clean and safe, and has all of the culture, architecture and inspiration that you could wish for in this wonderful part of Europe. Highlights that you may consider include visits to the grand Schonbrunn Palace, Sigmund Freud Museum and a tour in the Vienna State Opera House. Don't miss a visit to one of the many wonderful coffee shops to enjoy the typical cake Sachertorte!

**Meals included:** Breakfast

All ascents, descents and distances listed above have been measured by our local partners or tour leaders. Please note that different GPS measuring devices can give differing results dependent on the barometric pressures at the time. Measurements stated throughout these trips notes are given to help you understand the types of terrain and distances you will encounter.

## Accommodation

### **3 and 4-star hotels**

We use a mixture of charming 3 and 4-star hotels, on this trip, that are generally well located. For those who would like to treat themselves, it is possible to upgrade to one night in the grand 5-star Hotel Schloss in Durnstein (from £60 per person), which features an outdoor pool in a private courtyard lined with roses, with background views of the monastery and ruins.

All prices are based on 2 persons sharing, so if there is an odd number of people travelling in your party or you are travelling alone, there will be a compulsory supplement for a single room for the tour duration. For a solo traveller there is an additional charge to cover transfer costs.

We may be able to arrange a triple room if required, and there is a small reduction for this. The reduction will need to be calculated for each booking, as we cannot guarantee availability of triple rooms on all nights. Please ask for a quote if this is your preferred option.

*Where a single supplement is available, paying for a single only guarantees a room for single use. It does not always mean a twin or double room will be provided for sole occupancy.*

## **Food & Transport**

### **Eating & Drinking**

All breakfasts and one wine tasting included.

Breakfast: Buffet style breakfast will usually consist of fresh bread, cheese, ham, croissants, butter, jam, tea or coffee.

Lunch and Dinner (not included): there are numerous restaurants along the route with a selection of menus of two or more courses and the route notes will provide more details to help you decide. Self-guided cycling also lends itself really well to picnics. You can stop wherever you please, in a spot that suits you and eat your lunch taking in your chosen view.

### **Local Bike Details**

A quality local hire bike is included in the overall price of our cycling holidays. At the time of booking we will take your height in order to reserve equipment. There may on occasions be insufficient bikes available in the correct size; we will endeavour to find suitable alternative equipment but this cannot be guaranteed. We will tell you before you book whether suitably sized bikes are available.

### **Conditions**

1. The equipment remains the property of the supplier and you may not sell, hire out or part possession with the equipment.
2. You must not misuse the equipment and must return it in the same condition as when received (ordinary wear and tear excepted). The supplier is entitled to charge for any damage caused to the equipment during the period of hire.
3. You must ensure that the equipment is adequately secured when not in use. In the event of the equipment being lost or stolen, you may be liable for the replacement value of the equipment
4. You must not use the equipment whilst under the influence of drink or drugs and should immediately notify the Supplier in the event of breakdown or loss.

### **Bringing Your Own Bike**

If you prefer the familiarity of your own bike, you may of course bring it along. Please advise us at the time of booking and you will receive a discount off the price of the holiday, as specified above. You will be responsible for any extra baggage charges, please speak to our Sales team for individual airline fees. Any clients bringing their own bike should ensure they have adequate cover for loss, damage or theft under their travel, home contents or a specialist insurance policy. If Exodus is confident that we have taken all reasonable care to ensure the safety of your bike, in the rare event of loss, damage or theft you will need to claim under your own insurance policy.

### **Extra Bike Bits**

You may like to bring your own pedals and saddle (excluding the seat post) or gel saddle cover to fit to the hire bikes. We encourage this, if it is your preference. However, please note that you are responsible for your own equipment, and removing your saddle/pedals at the end of the trip. We cannot guarantee the return of any bike parts left behind.

### **Exodus Policy on Cycling Helmets**

Wearing a helmet is mandatory for anyone taking part in any guided Exodus cycling holiday. Group members must bring their own helmets, as they are not available for hire, even if they are hiring a bike from Exodus.

For self-guided cycling holidays wearing a helmet is highly recommended. Customers who choose to ignore our advice do so entirely at their own risk and on the understanding that it may affect the validity of their travel insurance. It should also be noted that in some countries we travel to wearing a helmet is already a legal requirement.

Cycling of all kinds has its dangers and accidents can happen from time to time. Please ensure that you are properly prepared for the riding you are going to undertake.

### **Recommended Cycling Clothing**

Padded cycling shorts (with loose 'over-shorts' where recommended), breathable clothing, and a lightweight waterproof/windproof top. Shoes with relatively stiff soles are better for biking, but are not essential unless you are cycling long distances. Most people want to carry certain items with them during the day while cycling, for this we recommend a large bum-bag or small close-fitting daysack.

### **E-Bikes Available**

Electric bikes offer all the thrills and healthy exercise of a regular bike, but with one crucial difference - power! A tiny electric motor (capped at 25mph) assists your pedalling, allowing you to make molehills out of mountains. Cycle further, see more, have more fun. They are just perfect if you want to try a trip with companions of differing fitness level - or a trip at a slightly harder grade - and want to know there's a bit of motor power available if you need it.

## Important Information

### On all guided trips

Although our leaders are well trained to deal with different capabilities, if they have any concerns about someone's ability to safely partake in an activity, or their impact on other people's enjoyment, we authorise them to take necessary action which, in some circumstances, may involve asking someone to miss that activity.

Although rarely enforced, by booking this trip you agree to section 14 of our Booking Conditions which clearly states that our leaders have the authority to do this. In these circumstances we will ensure anyone sitting out is safely provided for and offered alternative options where possible. Refunds will not be provided for activities missed and customers may be liable for additional costs incurred.

### On all trips

In booking this trip you should be confident in your ability to participate in all activities described in these Trip Notes. If you have any doubt about your suitability you should call the Exodus office and ask to speak to one of the experts on this itinerary.

In an emergency, please contact our 24 hour out of hours service on +44 (0) 844 326 7041.

Every time that you travel abroad you should take the time to read the warnings in the essential information in the brochure.

Full joining instructions including local emergency numbers, and details of how to reach the start point, will be sent to you approximately 2 to 3 weeks prior to departure. If you do not receive these at least a week before departure, or require them earlier please contact our office or your travel agent.

The information in these Trip Notes is given in good faith. Where differences exist between the Trip Notes and our current brochure or website, the Trip Notes supersede the brochure and website. All holidays can be subject to unexpected changes; in order to enjoy them you should be prepared to be flexible where necessary. Occasionally, as stated in our brochure, it may not be possible to follow the itinerary as planned. This may be for a variety of reasons - climatic, political, physical or other. In these circumstances we will make the best possible alternative arrangements that maintain the integrity of the original itinerary.

As fuel prices, airport taxes and exchange rates fluctuate, and airlines manage their rates to match demand, it is proving harder than ever to guarantee our Flight Inclusive prices. Although we endeavour to keep our website as accurate as possible, daily fluctuations mean that our Flight Inclusive price may be out of date. For accurate prices we recommend that you contact one of our Travel Experts, or your Travel Agent.
